TO: LIGHTSPEED TRADING CUSTOMERS/TRADERS

SUBJECT: NSDQ REPLACING ISLD

DATE: 12/2/2008

What is happening?

On 12/8/2008, Lightspeed will be replacing the ISLD quote with NSDQ in the Lightspeed Level 2.

Why is this being done?

In order to maintain consistency throughout the Lightspeed Systems and to avoid any confusion, Lightspeed will be renaming ISLD to NSDQ in the Level 2. Quotes will continue to come from the same source. No changes are being made except in name-only.

What do I need to do?

The user does not need to do anything for this to take effect. All of your custom and predefined ISLD orders will continue to work as always.

What if I have questions?

Contact your relationship manager with questions.
