**TO:** LIGHTSPEED VISTA USERS  
**FROM:** OPERATIONS GROUP  
**SUBJECT:** INSTALLING LIGHTSPEED AND VPN FOR VISTA USERS  
**DATE:** 8/1/2007

This Memo will explain how to turn off User Account Control in order to install Lightspeed and the Lightspeed VPN application:

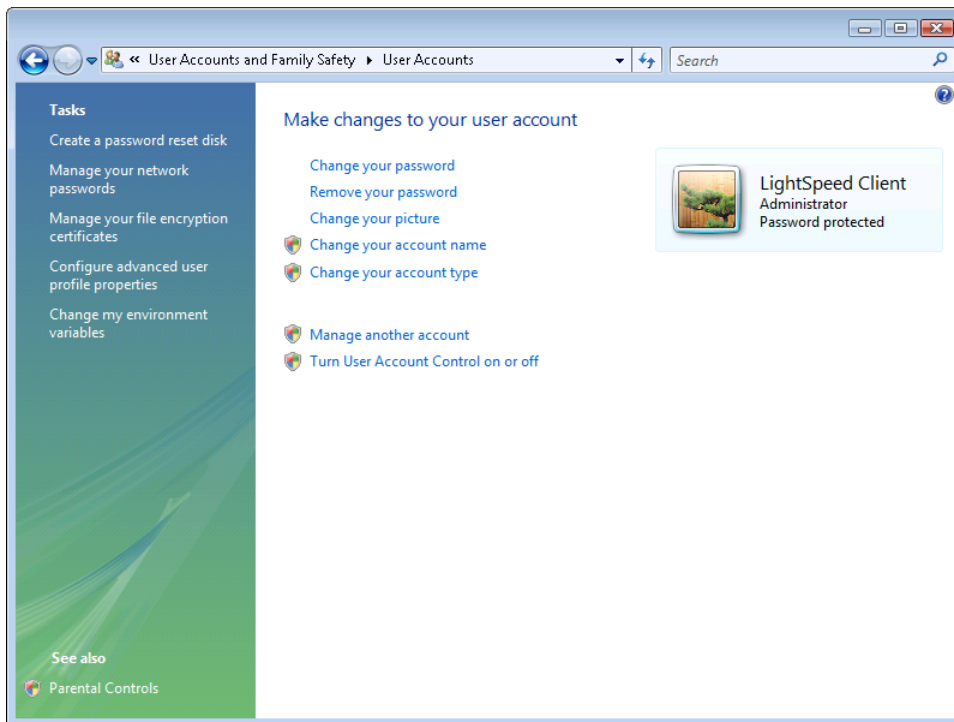

**1. Click on Start → Control Panel → Click on User Accounts**

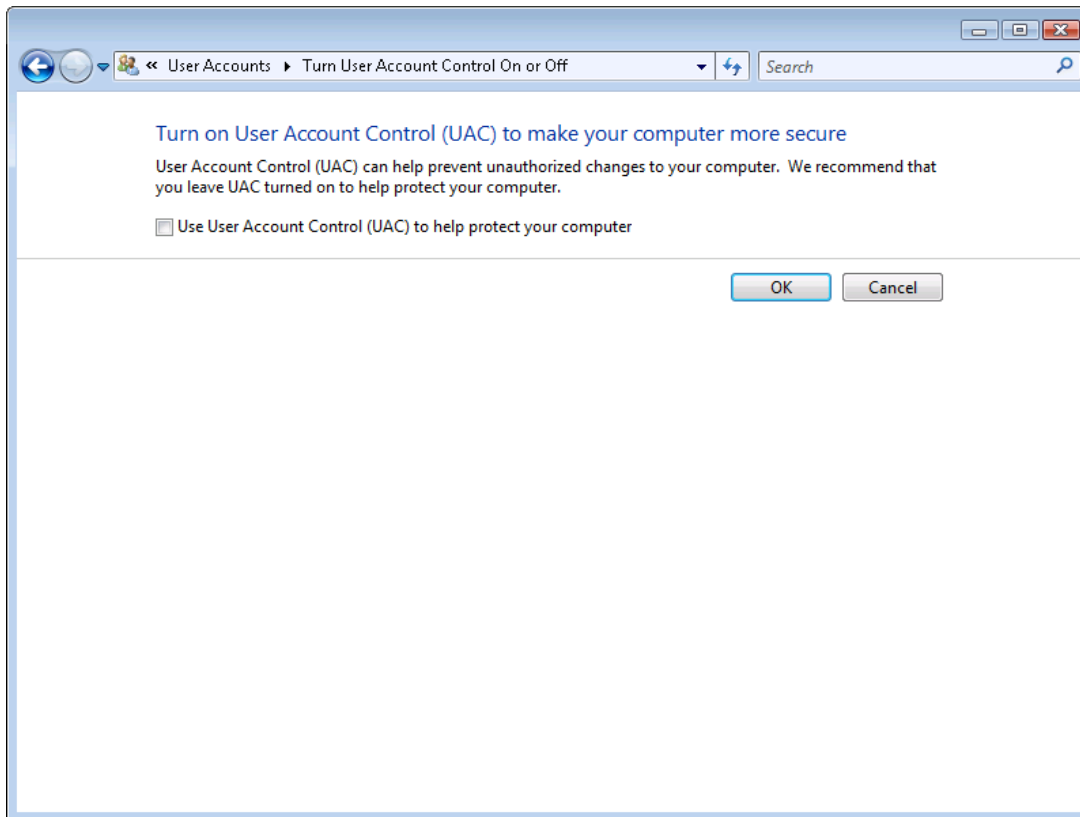

## 2. Click on User Accounts again

## 3. Click on “Turn User Account Control on or off”

4. Uncheck “Use User Account Control (UAC) to help protect your computer.”

5. Click <OK> and restart your system.

6. After the restart, install Lightspeed Professional Trading.
